The theme of PDG Tim's presentation was Every Rotarian Every Year and his comments emphasized how the participation of every Rotarian was important. In speaking of the work and contributions our District has provided through the Rotary Foundation, PDG Tim pointed out that we have provided a much needed neonatal ventilator for Haiti and contributed to surgical assistance for children needing cleft palate surgery in Peru. Additional contributions in the field of education and literacy included books and dictionaries. In bringing the participation theme home to our club, Our club's per capita giving last year \$139.34. Our club has contributed a total of \$452,962 to the Rotary Foundation. PDG Tim noted that every Rotarian should be very proud that every penny given to the Rotary Foundation goes to the various projects and programs and that no contributed funds go toward administration.
