Speaker: Dy Broussard, Coordinator for Born to Read

Pat Bauer introduced our speaker Dy Broussard the Coordinator from Born to Read is a library outreach program designed to encourage parents of at-risk young children to read to their children and utilize the resources of their neighborhood libraries. The program is funded by the Early Learning Coalition of Pinellas County, Inc., the Pinellas Public Library Cooperative and receives additional grant foundation from Alpha Chi Omega, Clearwater and Largo Friends' of the Library, Clearwater Library foundation, Junior League of St. Petersburg and READ Pinellas.

Born to Read works closely with community partners, public libraries and school programs. Its partners identify low-income and at risk families, then enroll them in the program by having them complete a library card application and presenting them with a free book. Families will then receive their card in the mail along with a coupon for 3 more free books when they attend story time at their library.
