Governor's Message July 2008

The Rotary year begins anew!

We have a new President of Rotary International, DK Lee. Every District has a new Governor. Every Club has a new President. Every Club President has a new Board of Directors. Many Rotarians have stepped up to the plate to serve in new capacities either at the club, district, zone or International level. This is an incredible achievement and its success is owed exclusively to the commitment of so many individuals to "Service Above Self."

President "DK" has asked all of us to "Make Dreams Real" this year. I ask you to "Light Your Passion" and to share that Passion with your fellow Rotarians. We all have unique abilities, capabilities and desires as we try to make a difference in our communities and world. We all have been given a great gift through Rotary membership. We have been given the opportunity to share fellowship with like minded people. Like minded in our desires to serve and share.

As we begin this New Year with lofty goals and renewed energy think back to when you were first invited to Rotary. Then try to remember when you first understood and found yourself embracing all that Rotary represents. Grab hold of that moment. Relive it everyday. Embrace it anew and you will "Make Dreams Real."

We as Rotarians charge ourselves with the task of bringing Peace and World Understanding to the peoples of the world. As we each go about this task in our own way look for the good and positive. Believe it when it is said that the glass is half empty that in reality it is HALF FULL. When dealing with difficult situations know that we all serve a great purpose and that petty offenses are usually unintended and in the long run inconsequential. When we spend all of our time looking for the good we don't have the time to even consider the negative. We can and will "Make Dreams Real" by committing ourselves to "Service Above Self."

Let me close this first of twelve monthly messages by saying to each of you that I am humbled that you would even consider me for Rotary membership much less to serve as your District Governor. It is not something which I sought. It is not something which I had aspired to. I am but one individual seeking a better way to serve and to help all of us "Make Dreams Real."

I thank you for your trust and confidence. I will make every effort not to let you down.

Russ
